

Cory Goeltzenleuchter

B.C.E., P.H.E., CP-FS

Northwest Exterminating

Biography

Cory Goeltzenleuchter, BCE, PHE, CP-FS, (Gil-son-lighter) grew up in the pest control industry and has been with Northwest Exterminating since 2013. He started as a Branch Manager of their McCall Gainesville, FL office and is now the Director of Technical Services for the Northwest Family of Brands extending 7 states in the Southeast! Cory graduated from the University of Florida with his Bachelor of Science degree in Entomology, specializing in Urban Pest Management under Dr. Phil Koehler. While earning his degree, he also served as an equipment manager for the Florida Gators Football team. Cory is a past president and a founding member of the Urban Pest Management Technical Committee. Cory is a Certified Professional in Food Safety through the National Environmental Health Association and is a certified operator in 18 categories, spreading to 4 Southeastern states and has completed the OSHA 30 Hour General Industry Certification. Cory is a Board Certified Entomologist and a Public Health Entomologist certificate holder through the ESA.

Cory is married to his wonderful co-Gator Grad Tristin, and they graciously share their home with their three cats!
