

BIOGRAPHY

Steve Niedzwiedzki

Steve Niedzwiedzki started in Pest Control in 1978 working on PC routes, spraying turf, drilling slabs and tenting homes, continued college and later graduated with a degree in Computer Science.

He moved into supervision and management and became fully licensed in all categories for Florida licenses, issued by Dept of HRS Office of Entomology during 1983. He entered the distribution market in 1992 and later expanded into manufacturing as a Technical Sales and Support Specialist with Dow AgroSciences, until joining Douglas Products in 2015.

Steve is a founding member of the Fumigation Advisory Council and on the Steering Committee and Board for the School of Structural Fumigation at UF since 1993.

He is happily married with grown children and a grandchild. According to Steve, his best days are when he is working with fumigators and exchanging ideas in the field.
